PROTESTED February 15, 1924, by St. John Laborde.

APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion of water heretofore appropriated under permit 5310, is issued subject to the terms and conditions imposed in said permit No. 5310 and with the provision that no prior rights will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.2 cubic feet per second.

Actual construction work shall begin on or before June 15, 1925.

Proof of commencement of work shall be filed before July 15, 1925.

Work must be prosecuted with reasonable diligence and be completed on or before October 15, 1925.

Proof of completion of work shall be filed before November 15, 1925.

Application of water to beneficial use shall be made on or before December 1, 1925. Proof of the application of water to beneficial use must be filed with State Engineer on or before January 1, 1926.

WITNESS MY HAND AND SEAL this 15th  
day of April, 1925.
